Glossary

Assignable Square Feet Assignable area refers to the area of a room measured to the nearest square foot that can be assigned to particular usage (omits hallways, etc.).

Class Level reached by student after successfully completing specified number of credit hours.

Classroom A room used by classes that do not require special-purpose equipment for student use.

Contact Hours A measurement of the total weekly hours of scheduled instruction.

Continuation A student enrolled at the same institution and in the same program level in the previous regular session.

Credit Hours Number of hours of academic credit assigned to each course.

EPA Employees exempt from the State Personnel Act. Includes all faculty.

FTE (Full Time Equivalent) FTE enrollment is computed by assigning a percentage to each part-time student to reflect his course load and then adding the result to the total full-time enrollment.

Full-Time A student registered for 12 or more credit hours as an undergraduate or 9 or more credit hours as a graduate.

Graduate One who has attained at least one standard bachelor's degree or first professional degree (in dentistry, law, medicine, theology, or veterinary medicine, etc.) and is or might be a candidate for a master's degree.

Headcount (HDCNT) Headcount enrollment makes no distinction between full-time and part-time students.

In-State Those whose legal residence, as determined at the institution for tuition purposes, is in North Carolina.

Laboratory A room used primarily by regularly scheduled classes that require special-purpose equipment for student participation, experimentation, observation, or practice in a field of study.

New Freshmen New students who have no college credits prior to the immediately previous summer sessions.

Out-of State Those whose legal residence, as determined at the institution for tuition purposes, is in a state other than North Carolina or in a foreign country.

Part-Time A student registered for less than the required full-time load.

Re-Enrolling One who was readmitted to the same program level of instruction after an absence of one or more regular sessions. A former student transferring back to his original institution after attendance at another institution is classified as a returning student, providing he is in the same program level. Otherwise, he would be classified as a new transfer.

Returning (Same as Re-Enrolling)

Glossary

Assignable Square Feet Assignable area refers to the area of a room measured to the nearest square foot that can be assigned to particular usage (omits hallways, etc.).

Class Level reached by student after successfully completing specified number of credit hours.

Classroom A room used by classes that do not require special-purpose equipment for student use.

Contact Hours A measurement of the total weekly hours of scheduled instruction.

Continuation A student enrolled at the same institution and in the same program level in the previous regular session.

Credit Hours Number of hours of academic credit assigned to each course.

FTE (Full Time Equivalent) FTE enrollment is computed by assigning a percentage to each part-time student to reflect his course load and then adding the result to the total full-time enrollment.

Full-Time A student registered for 12 or more credit hours as an undergraduate or 9 or more credit hours as a graduate.

Graduate One who has attained at least one standard bachelor's degree or first professional degree (in dentistry, law, medicine, theology, or veterinary medicine, etc.) and is or might be a candidate for a master's degree.

Headcount (HDCNT) Headcount enrollment makes no distinction between full-time and part-time students.

In-State Those whose legal residence, as determined at the institution for tuition purposes, is in North Carolina.

Laboratory A room used primarily by regularly scheduled classes that require special-purpose equipment for student participation, experimentation, observation, or practice in a field of study.

New Freshmen New students who have no college credits prior to the immediately previous summer sessions.

Out-of State Those whose legal residence, as determined at the institution for tuition purposes, is in a state other than North Carolina or in a foreign country.

Part-Time A student registered for less than the required full-time load.

Re-Enrolling One who was readmitted to the same program level of instruction after an absence of one or more regular sessions. A former student transferring back to his original institution after attendance at another institution is classified as a returning student, providing he is in the same program level. Otherwise, he would be classified as a new transfer.

Returning (Same as Re-Enrolling)

Special Graduate Not candidates for a degree, diploma, or certificate, or equivalent award, although taking graduate level course work with other students.

Stations Stations refer to the number of individuals a room is designed to accommodate.

Comparison of Entering Freshman Classes
Fall 1995 to Fall 1998

The Entering Student Questionnaire is administered to all new freshmen entering UNCW each fall semester. Identified below are the freshman enrollments and response rates for the past four years.

	No. in Cohort	Response Rate
Fall 1995	1,412	82.3%
Fall 1996	1,670	78.3%
Fall 1997	1,378	75.9%
Fall 1998	1,718	90.0%

The following bullet statements are based on the survey responses:

*The percentage of survey respondents who identified UNCW as the only institution to which they applied, dropped from 28% in 1995 to 21% in 1998. A corresponding increase was shown to be the case for respondents who indicated they had applied to two colleges, from 21% in 1995 to 26% in 1998.

*In 1995, 76% of the respondents ranked UNCW as their first-choice institution. This percentage increased to 80% in 1997 and stayed at almost the same rate in 1998, at 79%.

*The most important reasons for attending UNCW are identified below (categories included are based on the 1998 rankings):

	1995	1996	1997	1998
Coastal Location	63%	57%	65%	64%
Campus Visit	46%	46%	48%	54%
Majors Offered	48%	40%	44%	40%
Size of Campus	43%	40%	42%	40%
Academic Reputation	31%	33%	27%	24%
Friends at UNCW	15%	17%	14%	17%

*The percentage of students who plan to graduate in four years has remained steady throughout the four-year period of time, at approximately 80%.

*The degree intent of the survey respondents has also remained relatively unchanged. Thirty-five percent of the respondents indicated that they plan to complete a baccalaureate degree and 39%, a master's degree. Those seeking a professional or doctoral degree remained unchanged at approximately 25%.

*The percentage of respondents intending to remain in North Carolina when seeking employment has dropped somewhat, from 48% in 1995 to 44% in 1998.

Comparison of Entering Freshman Classes: Fall 1996-1999

The Freshman Survey is administered to all new freshmen entering UNCW each fall semester. Identified below are the freshman enrollments and response rates for the past four years:

	No. in Cohort	Response Rate
Fall 1996	1,670	78.3%
Fall 1997	1,378	75.9%
Fall 1998	1,718	90.0%
Fall 1999	1,670	76.8%

The following bullet statements are based on the survey responses:

*The percentage of survey respondents who identified UNCW as the only institution to which they applied, dropped from 28% in 1996 to 21.5% in 1998. However, in 1999, the percentage increased to 23.1%. In addition, the number of respondents who applied to three or fewer institutions remained the same from 1996 through 1999.

*In 1996, 76.5% of the respondents ranked UNCW as their first-choice institution. This percentage increased to 80.1% in 1997, dropped back to 78.9% in 1998 and showed a further decrease in 1999 to 74.6%. As a second choice institution, UNCW was ranked higher in 1996 with 20.9% and dropped to 17.8% and 18.4% in 1997 and 1998, respectively, but increased to 22.8% in 1999.

*The most important reasons for attending UNCW are identified below (categories included are based on the 1999 rankings):

	1996	1997	1998	1999
Coastal Location	56.9%	64.7%	63.7%	63.4%
Campus Visit	46.3%	47.8%	53.6%	45.8%

Size of Campus	40.0%	42.2%	40.1%	38.4%
Academic Reputation	33.5%	26.9%	24.3%	29.8%

*The percentage of students who plan to graduate in four years has remained steady throughout the four-year period of time, at approximately 80%.

*The degree intent of the survey respondents has also remained relatively unchanged. Thirty-six percent of the respondents indicated they plan to complete a baccalaureate degree and 37%, a master's degree. Those seeking a professional or doctoral degree remained unchanged at approximately 25%.

*The percentage of respondents intending to remain in North Carolina when seeking employment has dropped somewhat, from it's highest of 49.3% in 1997 to 46.6% in 1999.

Continuation A student enrolled at the same institution and in the same program level in the previous regular session.

Full-Time A student registered for 12 or more credit hours as an undergraduate or 9 or more credit hours as a graduate.

Graduate One who has attained at least one standard bachelor's degree or first professional degree (in dentistry, law, medicine, theology, or veterinary medicine, etc.) and is or might be a candidate for a master's degree.

Part-Time A student registered for less than the required full-time load.

Re-Enrolling One who was readmitted to the same program level of instruction after an absence of one or more regular sessions. Comparison of Entering Freshman Classes: Fall 1997-Fall 2000

The Freshman Survey is administered to all new freshmen entering UNCW each fall semester. Identified below are the freshman enrollments and response rates for the past four years:

	No. in Cohort	Response Rate
Fall 1997	1,378	75.9%
Fall 1998	1,718	90.0%
Fall 1999	1,670	76.8%
Fall 2000	1,673	76.2%

The following bullet statements are based on the survey responses:

- The percentage of survey respondents who identified UNCW as the only institution to which they applied remained the same at around 23% from Fall 1997 to Fall 2000. For the first time in several years, the number of schools to which students applied increased from around 11% in previous years to 13.7% in Fall 2000.

- In Fall 1997, approximately 80% of the freshman responded that UNCW was their first-choice institution. That figure dropped slightly each subsequent year, with Fall 2000 freshmen reporting at 74.8%. As a second choice institution, the numbers rose slightly each year, going from 17.8% in Fall 1997 to 22.2% for Fall 2000.

- The most important reasons for attending UNCW are identified below (categories included are based on the 2000 rankings):

	1997	1998	1999	2000
Coastal Location	64.7%	63.7%	63.4%	70.3%
Campus Visit	47.8%	53.6%	45.8%	53.5%
Majors Offered	43.9%	40.1%	43.1%	42.4%
Size of Campus	42.2%	40.1%	38.4%	37.6%
Academic Reputation	26.9%	24.3%	29.8%	27.7%

- The percentage of students who plan to graduate in four years has remained steady throughout the four-year period, around 80%. Approximately 8% of the respondents indicated that they plan to transfer, a number that has been consistent over the four-year period.

- The degree intent of the survey respondents has changed slightly, with a decrease in those planning for the baccalaureate degree, from approximately 35% in previous year to 29% in Fall 2000. A corresponding increase is seen in those planning to seek the master's and professional degrees, approximately 39% in previous years to almost 44% in Fall 2000, and 13% in previous years to 16% in Fall 2000. Those seeking doctoral degrees have continued to fall slightly over the four-year period from just over 12% to 10.6%.

- While around 35% of the respondents indicated they plan to work after graduation, regardless of the location, almost half of the respondents indicated that they plan to seek employment in North Carolina. That number has dropped slightly from around 50% in Fall 1997 to 45% in Fall 2000. At the same time, there has been a corresponding rise in students who plan to seek employment outside of North Carolina, a change from 14.5% in 1997 to 18.5% in 2000.
